Forecast For Strathclyde
Issued by Met Office Aberdeen
at 1600 on Tuesday 10 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain spreading east on Wednesday, brightening again later.

This Evening and Tonight:
After some evening sunshine, it will be a mainly dry night with clear periods. It will become cloudy over west Argyll later tonight with southerly winds freshening to bring patchy rain by morning. Minimum temperature 11 deg C (52 deg F).

Wednesday:
Some early brightness inland but soon becoming cloudy. Rain on west coast spreading east and turning heavier for a time, before brightening up again later with some sunshine. Maximum temperature 19 deg C (66 deg F).

Outlook for Thursday to Saturday:
Dry, bright start to Thursday, becoming cloudy with freshening southerly winds and showers edging eastwards, most frequent over Argyll. Rather cloudy and breezy on Friday and Saturday with scattered showers.
